**CC:** Jim McDonnell <jimm@ashto.org>, Keith Robinson <keith\_robinson@dot.ca.g...  
I mailed my inked review comments on Tues to arrive Keith today; I appologized in writing for not entering my comments into Excel. I was very pleased with this version, but I feel it needs even more photos especially of free access roads to show what DOTs are doing where people and activities share the ROW. I feel the Noise Wall and Noise Level discussion needs technical review by a few who know Noise Levels. Win
